MBSM Pages Grid Pro is a high-performance modular framework designed for professional WordPress environments. By decoupling visual presentation from site structure, it offers developers a robust tool for creating SEO-friendly, data-driven page hubs. This guide details the installation, programming logic, and strategic implementation of this sophisticated grid system.

written by Mbsm.tn | 19 January 2026

The screenshot shows the 'Site Health' page in the WordPress admin. The status is marked as 'Should be improved'. The 'Status' tab is selected, showing 1 critical issue. The issue is 'Autoloaded options could affect performance', which is categorized under 'Performance'. A detailed description explains that autoloading options can slow down the site, and a link to 'More info about optimizing autoloaded options' is provided.

The Attachments Table Plugin is a custom WordPress plugin that automatically displays all attachments (images, files) and links found within a post in a neatly organized table at the bottom of the page. It enhances user experience by providing quick access to downloadable files, embedded images, and external links
