The Attachments Table Plugin is a custom WordPress plugin that automatically displays all attachments (images, files) and links found within a post in a neatly organized table at the bottom of the page. It enhances user experience by providing quick access to downloadable files, embedded images, and external links

## T568A and T568B Standards

Category: Microservices

written by Mbsm.tn | 3 March 2025

The T568A and T568B standards define the arrangement of wires inside RJ-45 network cables, where each standard specifies a different color order, affecting how cables are connected to devices. The choice between them depends on compatibility with existing infrastructure or personal preference.
